DEAN'S MESSAGE

Follow the soul. Prayer inspire us. Silence excites us for an inner journey. Architecture has always been an incarnation of our internalization, manifestation of our spatial experience, which we want to explore. We are blessed to be the architecture students as well as passionate design enthusiasts.

Dr. Ajai Chandran C K

ENTREPRENEURSHIP AWARENESS CAMP

OCTOBER 18TH, 19TH, 20TH - 2019

ENTREPRENEURSHIP AWARENESS CAMP - WEEK 1

A 3-day ENTREPRENEURSHIP AWARENESS CAMP, in association with the Entrepreneurship Development Institute of India was held in the campus on the 18th, 19th and 20th of October 2019. The event was inaugurated & addressed by Ar. Arjun Rajan who is a recipient of IIA National Award for Socially Responsible Projects 2018. During these 3 days, the students were exposed to various facets of Architectural profession which included the Financial, Legal, Marketing aspects, Communication skills, Architectural Entrepreneurship & Experiences of running an Architectural office.

The camp proved to be very informative and gave the students an insight on Architecture as a profession.

ABOUT THE CAMP

OCTOBER 18TH, 19TH, 20TH - 2019

The National Science & Technology Entrepreneurship Development Board (NSTEDB), established by Government of India in 1982 is an institutional mechanism, with a broad objective of promoting gainful self-employment amongst the Science and Technology (S&T) manpower in the country and to setup knowledge based and innovation driven enterprises.

NSTEDB functions under the aegis of Department of Science & Technology. It has representation from socio-economic and scientific Departments / Ministries, premier entrepreneurship development institutions and all India Financial Institutions.

Two- day workshop at BGSSAP curated by TERI Organization

TERI WORKSHOP

A 2-day workshop on Building Performance Simulation, organized by TERI, was held in the BGSSAP campus on the 21st and 22nd of October 2019. The objective of the workshop was to make the students learn tools which will help them in making informed decisions with respect to their Building design. Tools & software to optimize of building geometry to reduce heat gain and maximize daylight, Concepts of sun path and sun control of the building, Design of shading devices and the fundamentals of light and visual comfort were explained. IES tool was taught on how to incorporate natural ventilation as a low energy means to achieve thermal comfort both at micro & macro level. The workshop was utmost informative and well received by the students of the 7th semester.

ZONASA 2019

Our students actively participated in the Zonasa 2019 which was held in Acharya Nagarjuna University, Guntur, Andrapradesh.
